* With the possible exception of the courses satisfying the College English Composition Requirement, the same course may be counted toward both the Core Literacies and Topical Breadth components. Overlap is *not* permitted *within <u>either</u>* the Core Literacies <u>or</u> Topical Breadth components. College of Engineering students may exercise P/NP grading for up to 16 units of GE; check with an advisor for details and exceptions. AP coursework may not be applied to GE requirements. Check AP chart in the General Catalog carefully before taking a course at UC Davis for which you already have AP credit.
