

Materials Science Minor

Materials Science Minor has unlimited overlap with College of Engineering Majors

Requirements for the Materials Science Minor

- EMS 160 Thermodynamics of Materials (4 units)
- EMS 162 Structure & Characterization of Engineering Materials (4 units)
- EMS 164 Kinetics of Materials (4 units)
- Choose one:
 - EMS 172 Smart Materials (4 units)
 - EMS 174 Mechanical Behavior of Materials (4 units)
- Choose an additional 4 units of upper-division letter-graded Materials Science & Engineering (EMS) coursework (4 units)

Total: 20 units

Pre-reqs and additional instructions can be found here:
